PROJECTS
Argonauts |
https://whispering-bayou-29946.herokuapp.com/ | https://github.com/NadoraLuka/Argonauts
- Argonauts is an alternative to team-based matchmaking designed to help players/users circumvent, often faulty, in-game matchmaking systems by allowing users to create join and look for teams Argonauts is an alternative to team-based matchmaking designed to help players/users circumvent, often faulty, in-game matchmaking systems by allowing users to create join and look for teams.

Time-Well-Wasted |
 https://kelalarrzenai.github.io/Time-Well-Wasted/
- For this project, we were asked to create an app that utilizes two server-side APIs and a new CSS framework. The app must be responsive, interactive, and have a polished UI.
